21 Regal Lilies ^{\$}2 prepaid for only ~

The Regal Lily (*Lilium Regale*) or Royal Lily is one of the most beautiful and one of the hardiest Lilies in cultivation. It is truly a royal lily, worthy of a prominent place in every garden.

The Regal Lily is very floriferous and when thoroughly established bears as high as eighteen and more flowers on a stem during the season. There is something awe-inspiring about this Lily in bloom. Whether it be tradition or the beauty of the flower itself I cannot say. Everyone who has lilies in their garden feels they have a rare and choice possession.

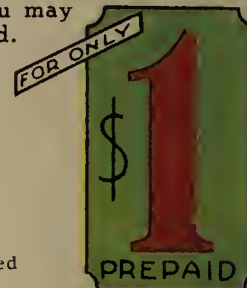

While this lily is very hardy it should be given a good covering after Winter sets in to protect them from the alternate thawings and freezings of the early Spring. Do not remove the covering until all danger of frost is past. The bulbs we offer in this collection are from 1 to 1¼ inches in diameter and should under normal conditions all bloom the first year.

10 IRISES

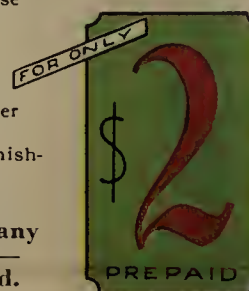

of Your Own Selection, All Named and Labelled—from the Following List

For many purposes Iris are ideally adapted. They are among the most beautiful and captivating of flowers; many are sweetly scented and all are easily cared for and increase in numbers very rapidly. Varieties below, from which you may make your own selection, are from the foremost varieties in the world.

You may have any 10 Iris rhizomes (roots) from this group for only \$1.00 prepaid, or you may order more varieties if you wish at the rate of 10 for \$1.00. All varieties in this group catalog at 25c and 35c each.

- Phyllis Bliss**—3 ft. S. & F.—soft lavender. Large; finest form; free blooming.
- Princess Beatrice**—S. & F.—light lavender—violet with a beautiful satiny texture.
- Prof. A. Seelinger**—2¾ ft. Early. A fine bordeaux wine red. Free flowering. Desirable.
- Roseway**—3 ft. S.—phlox-purple; F.—duller shade, blending to white.
- Seminole**—2½ ft. A rich, red-purple, with velvety fall. One of the brightest of all Iris.
- Sweet Lavender**—3 ft. S.—heavily ruffled pale lavender; F.—flaring, Chinese violet.
- Troost**—3 ft. S. rosy purple; F.—lighter veined violet.
- Valery Mayet**—3 ft. Rich and distinctive red color tone; S.—rose purple, flushed orange. F.—velvety dahlia purple, strained pale yellow.
- Virginia Moore**—2½ ft. A tall, bright chrome-yellow variety, veined darker on falls.
- White Queen**—2½ ft. Syn. Queen Mary. Snow white throat and beard greenish-white. Early.

In the following group are found many of our finest varieties, many very new and comparatively scarce. These are our 75c varieties—offered to you at the rate of 10 for \$2.00 or 5 for \$1.10 prepaid.

- Ariel**—3 ft. Soft harebell blue. Very sweet-scented. Early.
- Asia**—4½ ft. S.—pale lavender, suffused yellow at base; F.—light purple; yellow beard. One of highest rated and finest iris in cultivation.
- Auburn**—3 ft. A fine red toned variety with slight bronze shadings.
- Bertrand**—3 ft. A dominion seedling. S.—bright lavender-violet and the velvety falls are of rich, deep violet.
- Chasseur**—3 ft. One of the largest and finest yellow irises with bright Prussian red veinings at the throat.
- Empress of India**—This landscape iris has good quality, and its light blue-violet standards have a splendid silvery sheen.
- Esplendido**—3½ ft. A fine big red purple bicolor with such beautifully branched stems that its garden effect is beautiful.
- Gold Imperial**—One of the finest of all yellow iris. A pure yellow self of beautiful clear coloring. A lemon-chrome yellow of beautiful form on a thrifty plant.
- Harriet Presby**—4 ft. S. & F.—soft petunia—violet; white beard tipped orange. General effect is reddish.
- J. B. Dumas**—3½ ft. S.—violet-rose; F.—deeper tone of same color; haft rich creamy yellow, conspicuous yellow beard, orange tipped.
- Labor**—3 ft. S.—rosy amaranth, flushed copper; F.—Aniline flush. General effect a unique rich, red tone.
- Lustre**—3 ft. Early. Uniform pure red violet purple. Large flowers.
- Marjorie Tinley**—3½ ft. Late. A fine large lavender blue bicolor on tall, erect stems.
- Mildred Presby**—1930. S.—white; F.—rich velvety pansy-violet with narrow edge of lavender, white-yellow beard.
- Morning Splendor**—4 ft. S.—petunia-violet; F.—rich, raisin-purple. The most brilliant red effect yet seen in an iris.
- Pioneer**—3½ ft. A splendid red-purple, nearly a self; F.—slightly darker than S.; yellow beard. Midseason.
- Princess Osra**—3 ft. A plicata, white with a wide border of pale violet; orange beard.
- Susan Bliss**—3½ ft. Rich rose pink self with a delicate purple sheen; pale orange beard.
- Tenebrae**—3 ft. A Dominion seedling. S.—bluish violet; F.—flaring, rich velvety pansy violet with a beautifully marked throat and yellow beard.
- Violetta**—S.—clear blue tinted mauve; F.—pure violet blue. Prominent orange beard.

Perennial Specials

Perennials are the permanent flowers of your garden, each year increasing in beauty, loveliness, and in numbers. They are perpetual harbingers of cheer and require very little care and attention. From this list of 23 popular perennial plants you may make your own selection of **8** which will be sent you

Prepaid for Only \$1.00, or you may have **16 for \$2.00** or the entire **23 for \$2.50**.

This offer is unusual, not only because the price is low, but because the quality of the plants is unusually high. Every plant is 2 years old, field grown, and with a strong healthy root system.

Aquilegia The Columbine is one of the most beautiful of all hardy plants and make themselves at home in any hardy border. Bloom from late Spring thru the early summer months.

Anchusa The brilliant blue of this flower can not be surpassed for producing a mass effect.

Achillea, the Pearl Pure white flowers borne in the greatest profusion the entire summer on strong erect stems, 2 ft. high.

Achillea, Roseum Blooms July to October. Rosy pink flowers in dense heads on stems 18 inches high. Effective on edge of shrubbery or in border.

Asters, Hardy (Michaelmas Daisies) These are among the showiest of our late flowering hardy plants giving a wealthy bloom during September and October.

Bleeding Heart (Dicentra) A hardy perennial with heart shaped, rose colored flowers in drooping spikes.

Campanula (Bellflower) The Canterbury Bells are of easiest culture and thrive well in any garden. We offer them in blue, rose and white.

Coreopsis, Grandiflora One of the best hardy plants. The large, bright yellow flowers of this improved variety are fine for cut flower purposes.

Delphinium The long showy spikes of this flower persist from June till frost and furnish the most satisfactory blue to any color scheme.

Dianthus (Pinks) These old favorites bear their sweet, clove-scented flowers in the greatest profusion during May and June.

Foxglove (Digitalis) The stately and picturesque beauty of the Foxglove is hard to surpass. Foxgloves are biennials, but, as it renews itself from self-sown seed, it may be treated as a perennial.

Gypsophelia (Baby Breath) A beautiful old-fashioned plant possessing a grace not found in any other perennial.

Gaillardia, Grandiflora (Blanket Flower) This is considered one of the most beautiful and desirable plants in cultivation; blooms all summer. Base of petals is scarlet-crimson, bordered golden yellow.

Hollyhocks This is an old garden favorite.

Helioopsis Of easiest culture growing from two to three feet high, with pretty yellow daisy-like flowers.

Lathyrus (Everlasting Pea) The Everlasting Peas are but little known in this country, but are great favorites in England. They are extremely showy and fine. Charming climbers for covering trellises, arbors, etc.

Pyrethrum (Painted Daisy) Showy, hardy perennials, growing 2 feet in height, with most brilliant and lasting flowers during last of May and thru June.

Platycodon (Balloon Flower) Large, showy deep blue flowers blooming from June to October. Good for rock garden and border.

Rudebeckia (Coneflower) A very easy perennial to grow. Stands about three feet in height with dark orange flowers borne on stiff wiry stems.

Shasta Daisy (Chrysanthemum Maximum or Moonpenny) They are classed among the most known hardy plants. We offer the variety ALASKA which is extra large.

Sweet William (Dianthus Barbatus) One of the most popular old-fashioned garden plants. Their freedom of blooming, striking colors and pleasing fragrance make them a favorite.

Tritoma (Red Hot Poker) A beautiful late flowering plant, having a handsome reed-like foliage. Flowers are of a rich orange-scarlet color, 3 feet high.

Veronica (Bluebird Flower) An elegant hardy border plant, growing about 1½ feet high, producing long spikes of bright blue flowers in June, July and early August.

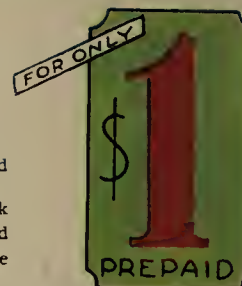

8 Rock Garden Plants all field grown stock

FOR only \$3.25 PREPAID you can have a complete Rock Garden planting consisting of 8 of the most popular hardy Sedums, 4 Evergreens, especially adapted for Rock Garden use, and 8 Rock Garden plants. Nothing in the way of a rock garden planting for the amount expended could give you greater enjoyment than the beauty of these plants. If you prefer, you may order the Rock Plants or Sedums separately for \$1.00 each and the Evergreens for \$1.25 Transportation charges fully prepaid.

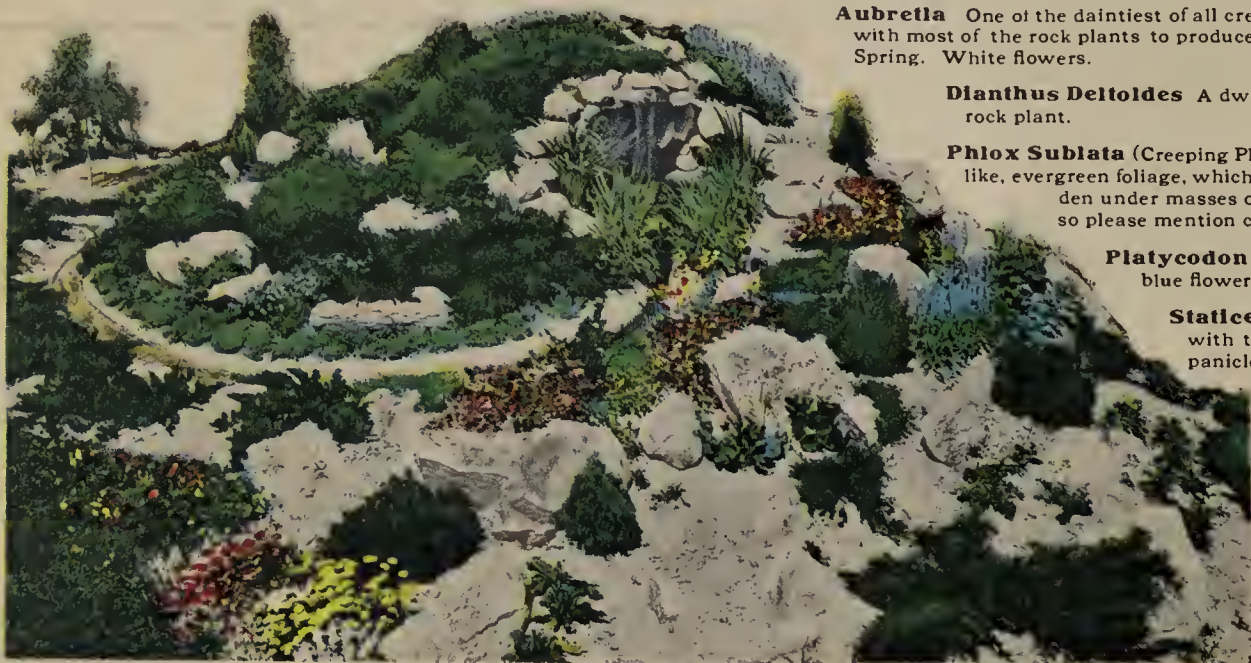

Rock Plants

8 SEDUMS FOR ONLY \$1.00 Prepaid

8 ROCK PLANTS FOR ONLY \$1.00 Prepaid
Each Variety Properly Labelled

Achillea Tomentosa A very charming yellow flowered plant, blooming in June. Grows 6 to 8 inches high.

Aster Tartaricus This hardy aster is one of the latest bloomers. Flowers bluish purple.

Aubretia One of the daintiest of all creeping plants. Nice for carpeting. Blends in beautifully with most of the rock plants to produce mass effects over small areas. Blooms early in the Spring. White flowers.

Dianthus Deltoides A dwarf variety with sprays of red flowers. A most striking rock plant.

Phlox Sublata (Creeping Phlox) An early spring-flowering type with pretty moss-like, evergreen foliage, which, during the flowering season, in April and May, is hidden under masses of bloom. Can be supplied in either White, Pink or Red, so please mention color you prefer.

Platycodon Grandiflora (Balloon Flower) Large, showy, deep blue flowers, blooming from June to October. Grows 18 inches high.

Statice Latifolia (Sea Lavender) Grows 15 to 18 inches high with tufts or clumps of thick, leathery foliage and immense panicles of delicate blue flowers. Individual flowers very minute, similar in form to the Forget-me-not, but made into heads 18 inches or more across.

Veronica Subsessilis (Blue Bird Flower) A delightful 2 foot border plant with attractive foliage of distinct character, a roughened bronze green. Flowers are borne abundantly during July and August in long compact spikes. Deep blue.

Evergreens For the Rockery

These are all young evergreens and of a size and variety that are particularly well adapted for planting in the Rock Garden. They will add much interest to your garden and will make a good show during the entire year. These 4 Evergreens will be sent to you transportation charges PREPAID for \$1.25.

Blota Aurea Nana The Aristocrat of the Rock Garden. This beautiful little grafted evergreen is the one most needed to give to the rockery its striking effect both in winter and summer. They are absolutely hardy. The ones we are offering range from 6 to 12 inches high and are very sturdy specimens.

Colorado Blue Spruce An outstanding evergreen in color, shape and endurance. No rockery is complete without it. This evergreen will be from 10 to 12 in. high.

Mugho Pine (Dwarf) A dwarf pine of globe shape. The ones we offer in this collection have a spread of from 10 to 12 inches. This is an unusually good item for the rockery.

Trailing Juniper This is a perfect evergreen for the rockery. It has dark green foliage and wide spreading branches. These offered in the collection have a 10 to 12 inch spread.

A. E. KUNDERD, Goshen, Ind.

Dear Sir: Please send me the following Special Collections according to the varieties I have chosen. Peonies, Perennials, Rock-Garden plants and Evergreens will be shipped as soon as possible after September Fifteenth . . . Iris will be shipped at once.

PHLOX

YOUR OWN CHOICE OF 25 MAGNIFICENT KINDS

None of the hardy perennial plants are more gorgeous or more easily grown than these.

They can be successfully planted in any garden soil and multiply rapidly. They produce magnificent spikes of showy, lasting and fragrant flowers, year after year, with comparatively little care.

They are the main standby for harmonious garden color through the difficult month of August. Give plenty of water at the approach and during blooming season. Every phlox we offer in this list is 2 years old, field grown and is heavily rooted.

***These field grown plants are offered
to you at astonishingly
low prices!***

We give you your own choice of any 10 varieties from this list for only \$1.00 prepaid; 20 varieties for \$2.00; 25 for \$2.25.
